driveBUDDY ^{AI}

WE SERVE…
INSURANCE COMPANIES

Empowering data-driven insurance!

Insurers observe following challenges,

> Accurate Risk Assessments for better underwriting

> Frequency and severity of claims

> Identify Fraudulent Claims

> Time involved in claim processing

> Lead time and accuracy in investigation

drivebuddyAI Intelligent Driver and Safety Platform will help you take a step towards data driven insurance through features like

⚠ Risk Assessment of drivers & fleets through AI-assisted underwriting

▶ On Demand Data and Intelligent Video Analytics

▯ Incident Data, driving conditions, driver authentication & historical driving patterns in a single window

🏆 Rewarding Safer ones

Together we can take the

Auto Insurance to the next level!
